Planning Corner

FLOODPLAIN ORDINANCE

Often areas of Oakley are covered by water, most notably the Weber River Corridor. In compliance with the National Flood Insurance Program and FEMA regulation, Oakley City has an ordinance regulating these areas for the protection of people and property.

Be in the know... 👁️👁️

Can we “sandbag” you into “sandbagging?”

Sandbags and sand are available at northeast Oakley Recreation Complex. Follow the signs. Bring your own labor and shovel.

Pre-filled sandbags are for Oakley City emergency purposes. Please do not touch!

If you have a group that would like to help fill sandbags, contact Kendall Staples via text at 435-901-1529.

Helpful tips on sandbagging:

- Bring a friend when filling sandbags. Filling is easier with two people.
- Fill sandbags a little over ½ full. If you tie the bag, make sure to leave empty space to the sand has room to move and spread out when the bag is laid flat.
- You are responsible for proper disposal. **Do not** dump sandbags in rivers, creeks, streams, canals, ditches, roadway gutters, or storm drain inlets.

STEP 1:

Subscribe to Summit County Emergency Alerts. They have the software capabilities to get information to you as quickly as possible.

Summit County Emergency Alerts

is a notification system for the residents, businesses, and visitors of Summit County, UT. Get notified about emergencies and other community information by signing up via the QR code above.

STEP 2:

Stay informed on weather outlook and stream flow reporting at:

<https://summitcounty.org/2342/14629/Flooding-Information>

STEP 3:

Be prepared.

Clear ditch areas and low areas on your property from deadfall and debris and have sandbags ready and on site.

STEP 4:

Watch out for one another. Report concerns to Kendall Staples, 435-901-1529 or Summit County Dispatch, 435-615-3500

PUBLIC WORKS

Water features (including ponds, streams, waterfalls, outdoor swimming pools and hot tubs/spas) exceeding 600 gallons, will need to be registered, filled, and inspected by **May 15, 2023**. If you have one of these water features or if you have questions whether this applies to you, contact Dallas Hansen, Water Director, at 801-857-1212.

COMING SOON: info for new State Required cross-connection regulation and testing will be coming your way.
